## General

It must be understood that we shoot wild quarry, and large quantities/ bags of birds just cannot be expected/guaranteed as a matter of course: success depends upon a combination of favourable weather in the spring /breeding season, and the competence of the guns. And your dogs, hence the organiser Woodcock & Snipe Hunter Ltd makes no guarantee whatsoever regarding the amount of shooting each gun receives or the size of the bag.

Semi-automatic shotguns are not allowed for safety and sporting behaviour.

Where we book and use a third party to organise the shoot day we cannot be held liable for any actions of operator's as we have no direct control on the days hunting beyond booking this and arranging the day on your behalf. All our associates are tried and tested over many years.

Essentially, we look to provide well organised, safe days of the sort of shooting sportsmen enjoy, most – testing wild quarry in outstanding surroundings, good dogs and good company.

If the weather is such that a ban on hunting any species occurs we are not liable for any losses incurred or future shoot days while travelling to our areas, **you must ensure you have appropriate travel insurance to refund you in case this occurs** as we cannot accept any liability nor refund in these circumstances. **WE NOW HAVE A COVER LIMITED TO £5000 PER SHOOT IF CANCELLATION ILLNESS OCCURS to the organiser or weather disruption or conditions prevailing cause a cancellation on safety basis.**
